I risultati si riferiscono esclusivamente al campione sottoposto a prova

Le prove contrassegnate dall'asterisco (*) non rientrano nell'accreditamento ACCREDIA di questo laboratorio.

Nel caso di campionamento non eseguito dal laboratorio, i risultati si riferiscono al campione così come ricevuto. Il laboratorio declina ogni responsabilità per le informazioni fornite dal cliente.

Un'aliquota del campione omogeneizzato è conservata per un mese.

Il rapporto di prova è firmato digitalmente.

LOQ=limite di quantificazione, LOD= limite di determinazione

Il risultato non è stato corretto con il recupero, per i singoli analiti il recupero è compreso tra 70-120%.

Le incertezze associate ai risultati delle prove sono state calcolate con un fattore di copertura $K=2$ pari ad un livello di probabilità P del 95%.
